Report:

Looking forward to plying their trade against another former 1st Division team the Sabretooths' travelled in a determined mood.

The boys took a little while to settle down, getting used to the somewhat physical approach adopted by the opposition. Josh and Aaron set the tone for their performance early, closing down the opposition quickly and winning back the ball to feed towards the midfield of Ben and Kyle. Chances were made but the back of the net was not found.

Caister displayed some excellent movement off the ball and this led to the opener. With their midfield running through the middle the 'E's' defence found themselves out numbered and a Caister player had acres of space to slot home.

Not allowing their heads to drop, the 'E' played on with renewed vigour. A knock to Connor saw Jordan introduced. Once again living up to his reputation of a 'super-sub' he picked up a loose ball, cut inside two defenders and curled the ball into the top corner.

The Sabretooths' monopolised after this. Chance after chance came their way but some errant shooting and excellent defending kept the scoreline tied. This was until an excellent piece of interlinking play saw Ethan feed the ball to Kyle, who took it on before returning it to Ethan. Ethan jinked past a player and found Jordan who beat his man by delicately flicking the ball behind his back before crossing for Daniel who side footed the superbly into the bottom corner on the volley. 2-1!

A big well done to the boys who were exemplary whilst respecting the minutes silence before the game. Our thoughts go out To Emily's friends and family.
