### Report:

The Sabre-tooth's went into this match hoping to establish themselves in the Second Division against one of the top four sides the previous year. Having just won the Third Division, the Sabre-tooth's expected other teams to be gunning for them and this was just the case in the first few minutes of the game. K&P attacked again and again and Aaron and Josh had to be on top form in defence to keep them out. After a brief 'settling in' period Waveney began to look more comfortable on the ball and both Jordan and Ben had chances to give the 'E' the lead before Daniel saw his thunderbolt just tipped around the post. The first half continued with more Waveney pressure from Kyle, Ethan and Connor and Adam looked more than capable of dealing with anything that slipped through Aaron and Josh's defensive net.

With the reassurance of a bright first half display behind them the 'E' went into the second half looking for a goal. K&P didn't give the Sabre-tooth's any space, leaving the Sabre-tooth's to clutch at long range shots (the highlights of which were an inch-wide free kick and a tremendous turn-and-volley that just sailed past the post, both from Ben). Time ticked away and the 0-0 score-line began to look inevitable.

A special mention has to be made for Stuart, who stepped in goal for the second half when the regular 'keeper had to leave for a 'prior commitment'. Great save Stu!

With a bit more work and a more positive attitude going forward, the Sabre-tooth's should be able to look forward to yet another successful season
