Report.

Waveney required to keep pushing for 3 points to keep them up in the top 2 just to keep the pressure on the 2 teams just below who can overtake them. It has to be said this game was not as trilling as some of the last few games but Waveney still produced 3 points for what will be their best ever performance in the league.

The first half was did not have many chances apart from a Ryan Nixon early chance and Liam Brown and Joe combined well to set up Jackson who was unlucky with his shot. The only goal of the first half came when a neat Lewis ball found Joe out on the left and his touch in to the box set himself up to fire low across the keeper for a well taken goal.

After the break Bungay had dominant spells and Bradley had to be alert to pull off two good saves. A ball over the top caused confusion in the Bungay area and with the ball bouncing about it fell to Ryan Nixon who fired a superb shot in to the top corner. A defensive mistake allowed Bungay to pull a goal back which lifted them to dominate again for a while. A neat dribble and pass from Liam SS set up Ryan Nixon on a typical burst to calmly round the keeper and score a well worked goal. A neat one two with Liam SS and Ryan Nixon allowed Ryan to work some space and his good looking cross was too much for the keeper who only managed to palm the ball away straight to Joe who neatly side footed home.

Jacko then set up Shaun who was unlucky with his shot and the impressive Ryan Nixon again burst through with excellent pace and unfortunately this time his shot hit the post. Joe set up Ryan Nixon who was looking for his hat trick but fired wide. Towards the end of the game an excellent shot from Bungay was superbly saved by Bradley who has grown in to a really good keeper over the last 6 weeks.

Ryan Nixon for a superb all action performance

Guys.

Well that's it the final game of the season. It was not great today and we made hard work of it against a very determined Bungay side. We cannot complain on the season as for me it has been a huge success, more points on the board, a lot less defeats and a huge increase in

confidence against the top sides compared to last season + we reached a cup final. Well done to you all for that. With 2 wins and 3 defeats in the opening 5 games we have to give you all the credit you deserve for the excellent run in of 9 wins and 2 draws from the final 11 games. As we said last week guys it may be the end of the season for you but for me and Martin it is now time to prepare for next season.

It's now down to go all again to ensure you do enough for us to select you again for next season.
