Report:

These two teams met in a dress rehearsal of the league cup final in 5 weeks time. The early possession was all Bohs and it took a couple of long range efforts from Tom and Lewis to allow Waveney to come more in to the game. Ryan Nixon went on a great run and passed to Shaun who was just off target with his shot. To be honest for the remainder of the half both these teams tried hard to wear each other down but a lot of the ball was played about in the middle of the park with very little 100% clear cut goal chances.

After the break Waveney knew Bohs would come at them and this they did in the opening minutes. Bailey had to be at his electric best to recover with a fine challenge when the Bohs forward was clean through. Tom put over a great lop which Ryan Nixon got to first and as the keeper came out chipped him to what looked like a goal but the first bounce took the ball away and just past the post. Joe had a fine shot at goal but the impressive keeper saved well. Again this half was about grit and determination as neither side would give an inch.

Waveney had several long shots at goal from Tom, Shaun, George and Lewis but it was always going to need more to beat this Bohs keeper. With 2 minutes remaining a Bohs player jinxed and turned his way passed the Waveney defence and in to a shooting opportunity but the shot was saved well by Bradley. All in all this was a fair result and hopefully the final will be just as exciting.

Guys.

After last weeks fine performance you have put in another excellent 60 minutes of intensive football. We have crumbled in the past but today you have stood firm and matched the mighty Bohs toe to toe. A lot of good performances over the entire pitch especially Brandon & Bailey who have set up a really good partnership with excellent recovery abilities. Again Ryan Nixon and his running have caused problems for the Bohs defence. Shaun and Lewis ran themselves in to the ground, Joe and Liam SS caused lots of problems down the wings, Tom sat and done his job and the wing backs attacked when necessary and now with Bradley looking secure in goal you have this look about you.

Special praise to Ryan H, Liam Bowen and Jackson, who did not get a game today but are every bit part of the team.
