Gorleston Rangers A	0	V.	0	Waveney Youth U12B	
Referee:	Greg Jonas				

Report.

This 1st v 2nd clash was a must win game for both teams, Rangers required 3 points to guarantee the championship and Waveney to continue their drive for 2nd spot.

Even though it was a truly exciting game both will now have to sit back and watch results as it is now out of their hands. Rangers started the game extremely well and looked to penetrate Waveney's back line at every opportunity. Within 2 minutes Rangers had a good move but they shot wide and from a pin point cross in to the box the Rangers winger headed over the bar.

It took Waveney 10 minutes to get in this game and then they had a good shot saved from a Liam SS drive. Again Rangers kept coming and had another chance fired wide and then Bradley had to be alert to save well. Shaun then popped up with a good strike from distance and then typically in this end to end game was a goal mouth scramble in the Waveney area.

There was a lot of hard work going on by both sides as neither side would give an inch. After the break Rangers again came at Waveney and from a corner they headed just over the bar. Joe then had a good shot at goal but the keeper saved at his near post and then Joe with a mazy dribble again fired at goal but the keeper gathered. From a Waveney corner Tom picked the ball up outside the box and fired in a good drive that clipped off a defenders leg and in to the air and with the keeper helpless it landed just over the bar.

Again both teams gave everything with great football all over the park but with out any further clear cut chances in the second half until the final 3 minutes. A neat ball from the Rangers midfield man split the Waveney defence and the forward ran through with Bradley the Waveney keeper coming out the Rangers forward just got there first but had to kick the ball passed Bradley, this took him wide but had an open goal and chipped the ball up but as good defenders do Liam Brown tracked back to the goal line and headed off the line.

With 20 seconds remaining (yes that is 20 seconds) Rangers were given a soft penalty, with Bradley big in the goal the Rangers man went for power and his shot struck the crossbar but came straight down and hit Bradley on the back, all the Rangers supporters cheered ed as

Match Report

they thought it would go in but Bradley was up and dived on the ball just as the Rangers man followed up for just rewards.

Bradley just had time to kick the ball out and the final whistle was blown.

The whole team for a truly excellent effort

Guys.

Another superb effort against a very good side, great commitment all over the park. This was the type of performance you needed prior to next weeks cup final. Much the same will be needed then if you are going to continue the run of 12 games without defeat, 10 wins and 2 draws.

Keep believing boys its in your hands now.
