Report:

Waveney got off to the perfect start scoring inside 2 minutes when Joe coolly side footed home. From a Liam Brown corner George connected well with a header but the keeper was equal with the save and from a Ryan N corner Liam Brown headed over the bar.

Rangers were then unlucky when they beat the offside trap and had a one on one with Jackson who was equal to the task and saved well. Joe then put a lovely pass through to Bailey who took his chance to score very well. Liam SS then sent over a great cross which Joe connected with but fired just wide and from a corner Joe headed just over.

Joe then put in a super defence splitting pass which Lewis galloped on to and coolly netted between the keeper's legs. Rangers worked tirelessly up front and again burst through but Jackson was equal to it with a fine save. Joe then went on a great run and then cut the ball back to Shaun who fired just wide. Liam Brown working well down the left then went on a run and put over a sensational cross that somehow eluded everyone.

After the break Lewis combined well with Liam SS who put over a great cross for Shaun to bravely run on to and score with a good header. Joe and Liam Brown were working well down the left and causing lots of problems. Liam SS then released Lewis who put over a great cross but just as Joe was about to header in the keeper plucked it out of the air. Liam Brown then attacked down the left and his cross field pass found Liam SS who netted with ease.

From a quick Ryan N throw Lewis beat his man and cut the ball back to Shaun whose fierce shot gave the keeper no chance. Bradley was then unlucky when he tried his luck from the half way line but with the keeper beaten it just went wide. From a goal kick the ball went straight to Joe who headed straight across the penalty box for the on coming Liam SS to connect sweetly on the volley to score a really good goal. Shaun had a chance to complete his hat trick when Joe and Liam Brown's neat one two found him in space but Shaun fired straight at the keepers legs.

In the final minute Rangers scored a nicely worked consolation goal.

Joe Dowsing – For being at the heart of everything good.

Guys.

3 points and a good come back after last week's defeat. The midfield of Shaun and Ryan really worked well together today. Good link up's with Liam and Joe and Lewis and Liam SS

The defence still needs to improve. Lots of better performances today but one or two still hiding or not having the desire to work or compete for the team.

More will be needed next week
