

# Waveney Youth F. C.

## Match Report

Competition	U12 League			Division	1
Date:	09/11/2008		Kick Off:	2.00 p.m.	
Bohemians A	5	V.	0	Waveney Youth B	
Referee:	Bradley Robinson				

### Report:

You know when you play Bohemians you have to be at your best to get anything from the game as they are a really good outfit so it does not help when half the team play like they have never played before with lack of self belief even though man for man they are equally as good as them.

Within 2 minutes Bohs took the lead and after 5 minutes found themselves 2 up both of which were preventable if the team had been alert. The remainder of the half and with Bohs already having a handy platform built they looked to pick off Waveney when they could so a lot of the ball was in the middle of the park.

Bohs had several more chances to score but for numerous good saves from Jackson. Waveney hardly mustered a shot on target in this time.

After the break Waveney came out firing and first Shaun had a fierce strike at goal and Bradley fired in a very good free kick that the keeper saved well. Waveney were beginning to get on top and you felt if they scored anything could happen but after 15 minutes Bohs hit on a breakaway down the right and from the cross it was tucked in at the far post.

This knocked the stuffing out of Waveney and they then lost their shape conceding a 2 further goals from balls knocked over the top.

Guys.

You must get fed up with being told the same things after the big games but the disappointing thing is you never learn from it and you certainly do not seem to be able to do anything about it.

## Match Report

Again only half the team performed and far too many came with the attitude we were beat before we started.

I know you are all great mates and you have a good time but the silly thing is you will turn up Tuesday for training you will put in another superb training session and again look world beaters but you do not seem to be able to transform training form or the work rate or commitment given then to match days.

Sorry lads but very disappointing today and I feel sad for those that are really trying.

I do not know what is wrong with some of you but this is something the coaches will have to look at next summer.
