Report:

Today credit must go to Ormesby Lads, the management, the players and the parents for ensuring they turned up and put on a brave performance with smiles and taking on the league leaders with fewer players. This truly shows what the beautiful game is about, and once again I applaud all of you and wish you well for the future – thank you.

Waveney finished their year with another 3 points, and played some nice football, although at times over complicated things. Danny looked sharp up front, Jayson battled tirelessly on the wing and Jordan continued to play the intelligent unselfish game that we have seen this season.

Most of the game was in the opponents half and the home defence remained focussed and dealt with situations when required. The midfield played a rather attacking role and ensured the goals came, but Ormesby kept the flag flying especially in the second period when the keeper flung himself around, dived at the feet and collected several crosses and shots comfortably. The blue defence never gave up either and broke up flowing moves and bravely tackled to the final whistle.
