### Report:

Last game of season saw Waveney entertain Bohemians for the 3<sup>rd</sup> time and the home side managed to make it 3 out of 3. Fred opened the scoring a minute in after Jordan done the hard work and played a slide rule pass for Fred to finish. Jordan then doubled the lead 4 minutes later after having his initial shot saved. Bohemians pressed hard and made life difficult but the C team always looked in control of the game.

The second period was played in tremendous spirits and much laughter with the roll on roll off substitutes being used to the full and many changes of personnel and positioning. Alexander slotted home after the restart and beat the advancing keeper with ease. Jake made it 4-0 after pushing upfront and lobbing the keeper in style. Many variations made an entertaining game the ball was in the back of the net 3 more times, but adjudged to be offside on all occasions.

Lads you have had an excellent season and gained promotion to the top flight, you have also made the shield final and a semi in the Open cup. Next year we will need a little tinkering to add to the ranks but well done to all for achieving the above.

Many thanx goes to the 3 main sponsors and parents/supporters over the season...thank you 😊
