Report:

Waveney travelled to take on a Bohemians team in the shield and as the game started you could see that Waveney had not played for sometime and the wind was having a big factor in the game with ball flying everywhere.

It was Bohemians who started the better and it took some great defending from O Cropley, K Pitchers, K James and T Pettitt to keep the scores level. Bohemians took the lead with a good move down the right and a forward was played in and he shot passed C. Cole. This seemed to wake up Waveney up and J. Brabben, J Smith and J Cross saw shots just go wide or well save by the keeper.

Waveney started the second half a lot better with T. Rumsey and J Oldman controlling midfield and a great ball found J Smith who cross found J Brabben who beat the keeper with a great shot to bring Waveney level. Waveney started playing some great passing football and a ball from J Snell found A. McKirdy who beat his defender and put a great cross in which J Cross was unlucky not to reach but the ball fell to J Smith who kept the ball in and his cross found A McKirdy running in to shot past the keeper to put Waveney in front. Back came Bohemians who had the advantage of the wind and put several dangerous crosses in which C. Cole kept out and some great last defending from O Cropley and K Pitchers kept Waveney ahead. Bohemians would have equalised but for a brilliant save from C. Cole.

Just before the end a shot went just wide of the goal and Waveney held on to win.
