Report:

On a hot morning in our first game of the season, Waveney travelled the long journey to Dereham.

The game started well with both teams attacking & defending, especially some great saves from G. Tiffen to keep Waveney in the game, soon the deadlock was broke when G. Lee hit a ball just inside the area to score into the top of the net to leave Waveney leading at the break.

Dereham came out hard after the break and soon equalised with some good passing and moving from their two front players. Waveney after some periods of play took the lead through a speculative shot from L Robbens, which went in through the keeper's legs.

Dereham then attacked again and soon scored to level up the game for a well deserved draw between the two clubs.
