Report.

Waveney travelled to bottom of the table Loddon and although the result is close the true reflection is that Waveney should have hit double figures.

Football is a funny old game with Waveney totally dominating this game and yet they came close to throwing it all away.

This was a game of many missed chances and poor defending to make it so close. Neat play from Ben released Jordan who shot wide and then Jordan set up Joe but just as he was about to shoot in came a timely tackle from a Loddon defender. Ben then set up Joe who blazed over the bar and neat play from Ryan set up Jordan whose shot produced a good save from the keeper. Jordan again made the keeper save and from the rebound Liam SS shot just wide, it was total one way traffic with Loddon struggling to get out of their own half.

Joe had a shot cleared off the line and Ryan shot wide, Joe again was in the action this time bringing a good save from the keeper and just after Joe's run and super cross in front of goal saw another chance go begging. Another goal mouth scramble caused problems for Loddon followed by a Ben shot just wide and Liam SS fired over the bar. Within a minute two perfectly timed passes from Sam set up Joe the first was just wide the second straight at the keeper. Liam SS then had a shot cleared off the line and Tom's near perfect corner had to be headed off the line.

With 5 minutes to go of the half Loddon put together their first worth while attack when a couple of unchallenged passes released the striker and although Bradley in goal seemed to have the shot covered it somehow crawled under his body to trickle over the line. From the kick off Waveney put together 5 or 6 good passes and Sam got in range to shoot but the keeper saved with his legs. The last attack of the half saw Ben go on a mazy dribble and finished with a good shot but the keeper saved well.

After the break Waveney came out all guns blazing and within 30 seconds could have been level when Lewis's neat pass reached Joe who hit the side netting. Jordan then had a chance

and again Lewis with a super touch set Jordan up again but he fired wide. At this time Lewis was playing intelligently and his divine defence splitting pass allowed Ben to run on and coolly finish. Within a minute Waveney were in front when the superb Ben passed well to Joe who beat 3 players and shot high leaving the keeper no chance. Lewis again linked well with Ben and he was unlucky with his shot.

The chances continued to come first Sam and then Ben and Joe's perfect cross was met by Sam but fired just wide. Shaun and Sam both had chances before a quality cross from Ben was met by Jordan who volleyed home from 15 yards. You would have thought Waveney would have went on from there and added to the tally but crazy defending with 3 minutes to go allowed Loddon to reduce the arrears when the ball could have been cleared twice, this made for a hectic last 3 minutes but Waveney held on for a deserved win.

Guys.

You know what me & Martin think as we told you after the game. We must learn from our mistakes and actually do something about it not just say yes. This division is hard with plenty of good teams in it, the team cannot carry passengers. Progression is the name of the game guys and something that we need to be seeing. Really nice to see so many chances being created and certainly some very good performances all over the pitch but we need to work harder as a team and certainly get more of an understanding at the back.
