Report.

This was a typical Waveney v Waveney game with neither side wanting to give an inch in what were damp and blustery conditions.

It was the A's making the early running and could have been 3 up in a matter of minutes, first Liam SS went on a mazy dribble and crossed well but Ryan missed his header and from a Joe corner Lewis tamely shot in front of goal. Then there was a period of goal mouth action in the B's box the best being a Liam Brown shot. Against the run of play a really good move from the B's presented Harry with a chance just inside the box and with a superb shot the B's took the lead. The A's needed to get back in the game and 2 quick Joe shots were saved well by Dom in goal, then Lewis also had a shot but Dom gathered.

It took the introduction of Sam to get the A's firing well and gave the team balance with his natural left side playing position. Liam SS again done well down the right and this time with a perfect cross picked out Lewis who turned and fired home. Joe was really having a good time down the left and putting in some telling crosses that somehow the A's attack force could not get on to.

From a perfect Joe corner the A's took the lead when Liam SS headed home. With the lead the A's peppered the B's goal with shots coming in from Shaun & Bailey. Liam SS was unlucky when Dom pulled off an excellent save and he also produced a superb save when Bailey headed Joe's corner. This time from a Shaun corner George was left unmarked in the box to head home.

After the break and with the wind the A's could have expected to increase their lead at regular intervals but the B's dug deep and defended resolutely getting plenty of bodies behind the ball and breaking well as an attacking unit.

Waveney Youth F. C. Match Report

From distance Keelan struck the ball well but hit the crossbar and Ben with his trickery set up Jordan who shot well but the post came to the B's rescue. Jordan then had a goal disallowed and again Ben with great feet jinxed his way through and set up Joe but his shot which had the keeper beat narrowly went wide. Both Shaun and Ben had good strikes at goal and Jordan's neat play allowed Joe to burst through but Dom was equal with a really good save. Joe and Jordan combined well to set up Ben but his shot fired over the bar. Dom then produced two really good saves from Jordan and Ben.

With 10 minutes remaining Liam SS found Sam whose neat pass found Joe who this time made no mistake to knock the ball passed the out coming Dom. Sam was adjudged to have been felled in the area so Sam himself stepped up to take the penalty and complete the scoring sending Dom the wrong way.

The game was watched by a large crowd from both sets of parents and the game played in good spirits between these two sets of friends.

Wavetrade crane hire M.O.M

First half – Joe Dowsing

Second half – Ben Testoni

Guys.

I know it was hard out there especially with the blustery conditions but you got the job done in the end. Some good moments and some good play against a team who defended resolutely and were not scared to chuck their body in front of the ball.

It's always hard playing another Waveney especially those that are your mates. Keep working hard and concentrate on playing the game and hopefully your rewards will come.
