Bohemians U13A	0	V.	3	Waveney Youth U13A	
			Jordan Goldspink Ryan Nixon Sam Burrows		
Referee:	Gary Gook				

Report.

Waveney travelled to Halvergate with only 12 players available after Shaun's morning called off through illness.

Waveney were seeking revenge after last season's penalty shoot out final defeat against Bohs and from the very first whistle amassed every ounce of effort to secure passage to their second semi final of this season. From the off Bohs moved the ball well and you know you cannot give them chances as they are the masters of taking them.

After 5 minutes Bradley was at his best pulling off a superb save when the Bohs striker burst through and from the rebound another Bohs player hit the post. Waveney grew in to the game and started to play some really decent football and after 10 minutes Keelan passed to Jordan who turned inside the box and hit a superb left foot shot across the keeper in to the bottom corner.

Bailey who was looking good at this stage went in for a 50/50 ball and came out clutching his ankle and had to come off and played no further part in the game. Waveney had to reshuffle and Jordan moved along side Tom at the back with the reliable full backs George and Liam helping them out. Bohs had a great chance to level but hit the side netting, Waveney again started to pass well and created several goal scoring chances, one from Ryan and two from Ben while the midfield battled for all their worth to stop Bohs being able to play.

The second half was much the same with both teams playing excellent football but it has to be said the better chances fell to Waveney. Ben had a great chance to increase the lead but the keeper pulled off a great save. Keelan took a corner only for the ball to be headed back to him so he crossed it back in the box with Liam SS connecting with the header but it went wide. Joe on the left played a beautiful ball inside the right back and Ben latched on to it and fired in a fantastic shot that had the keeper beat but it just went passed the back post.

15 minutes in a rather neat move was started on the right by the ever improving Liam SS who played in Keelan who then played a one two with Ben and he then moved the ball

Waveney Youth F. C. Match Report

between the defenders for the ever so willing runner Ryan who shot for goal but the keeper parried straight back to Ryan who made no mistake this time.

Ben again was unlucky with his shot and Ryan who created problems all game for the Bohs defenders found a little space and tried to chip the keeper but with his big frame just got his fingertips to it and managed to stop it crossing the line. Bohs broke well and a good shot was superbly tipped away by Bradley.

Ryan again got in round the back and crossed for Ben who tried in vain to reach it but the keeper gathered. Bohs again had a half chance but the solid Waveney defence cleared and Tom had to stretch for all his might to clear off the line. With seconds remaining Sam found himself with time and he set himself up to superbly chip the keeper from outside the box.

Wavetrade crane hire M.O.M

I have top say Jordan was awesome today as were all his team mates.
But the vote has to go to the whole team because without you all supporting each other you would not have gained this victory.

Guys.

I don't think myself, Martin or any of your parents could be anymore proud of you than we are at this minute. What a game of football, passion heart, belief and an unbelievable effort to succeed in this game, absolutely fantastic.

You all complemented each other so well and for the first time this season you were all up for it. Superbly entertaining game of football from two exceptional sides.

Keep this going and who knows.
