Report.

Both these sets of friends played out a drab encounter in rain soaked conditions.

Shaun had an early chance after excellent play down the left by Joe. After 15 minutes Jordan burst through to open the scoring with a cool finish. Ben set up Joe but he shot wide and good play released Ryan who shot over the bar. Joe then played in Ben but his shot was well saved by the keeper. Liam SS then increased the lead when he fired in from an acute angle.

In the second half Tom almost scored direct from a free kick and Joe had an excellent chance to score. Jordan scored to increase the lead and allow the A's the luxury of playing 3 at the back but with 3 up front this only seemed to get extra bodies in the way as the A's kept trying to walk the ball in the net. Joe set up Ben in a good position but he fired over the bar and Sam had a good shot that went inch's wide. Jordan had another couple of chances to get his hat trick and Shaun from a corner headed just wide.

Neat play released Joe who shot for goal but the keeper saved and Ben followed up to also shoot for goal but again the keeper saved but the ball fell nicely to Keelan who tapped the ball home.

Credit goes to all the parents that braved the rainy conditions to support their teams so well.

Guys.

Not pretty today with hardly any fluent football but that could be down to the pitch and conditions. You battled hard for a deserved victory against a team happy to get bodies behind the ball to try and frustrate you. More will be required next week if we are to progress to the semi final of the Tesco County cup.
